

# NEW at FDIC International

## NEW 500-Series Wireless Headsets

### Listen-Through Situational Awareness

- **Windows down, hearing up**—Even in the cab with your headset on, you're not cut off. Hear outside traffic, pedestrians, and signals. Talk to the public, police or recovery teams.
- **Amplified awareness on-scene**—You control how much sound to let in. Hear traffic on an extraction, the backup signal from your apparatus, and others shouting on scene.

### Wireless Bluetooth Connection

Pair your device and stay connected to command, dispatch and first responders, both in the apparatus and on the fire scene.

### More comfortable; easier to install

Less side-force gives the head pinch the boot. And with fewer components and flexible antenna options, installations are even faster and easier.

## NEW 2016 Wireless Configurations

### ENGINES: 4-User Wireless System

Driver, officer and two rear-seat crew members.

### EMS: 3-User Wireless System

Driver and up to 2 additional paramedics or EMTs.

# NEW at FDIC International

*Firecom Portable Wireless Systems come complete with 3 or 5 wireless headsets, a portable ComHub intercom and a Pelican charging case.*

## NEW Portable Wireless Systems

Every incident is different. Some put you in situations where you're away from the truck, it's loud, and you need to operate and communicate hands-free with command, crew and dispatch. With a portable wireless system from Firecom, you're ready to respond--anywhere.

### Ready to Respond — Anywhere

- **Turn on and go**—with 1,600 feet of range.
- **Extra comfortable**—for those back-to-back-to-back shifts.
- **Our clearest audio ever**
- **No installation**—just grab and go.
- **Monitor your portable radio**—and push-to-talk.
- **Plenty of battery life**—24 hours for the long shift.

### Use Them — Everywhere

- **Training exercises**—add up to 100 headsets (broadcast mode only).
- **When installation isn't an option**—for those back-to-back-to-back shifts.
- **Confined space rescue**
- **Car extrication**—the jaws are loud and you need to talk to each other

Communicate for life.
